CURRENT PRICE LIST

FOR GRAZIERS, FARMERS & MARKET GROWERS

IMPORTANT NOTICE—PLEASE READ

A very heavy, long-sustained demand for all seeds for autumn sowing has caused a shortage in some lines, and prices have firmed. Wimmera Rye Grass is dearer, and Lucerne very firm, but our Subterranean Clover No. 1 Supergrade Strain is cheaper. We regret to report, however, that we have entirely sold out of present stocks of "Earlistrain" Subterranean Clover. We can still offer Phalaris tuberosa in very limited quantities from a line in which we have every confidence, but we have sold out of N.S.W. Govt. Certified Seed. European grown Perennial Red Clover is almost entirely sold out, but, as we have stressed before, in our opinion, our New Zealand grown Cow Grass type of Perennial Red Clover is by far the best to use where a vigorous, long-lasting sort is required. Among the Bird Seeds, Hungarian Millet is slightly dearer.

Market Gardeners will continue to be interested in the very large list of Speciality Vegetable Seeds offered in Section 24, also our Beans and Peas in Sections 21 and 22 respectively. The position regarding future supplies of Canadian Wonder Beans is very uncertain, and prices are firmer. Flood damage and constant heavy rains have spoilt seed crops to a very large extent, and we anticipate a great shortage in the near future.

All our seeds are tested for germination, and our up-to-date Trial Ground keeps us in touch with all varieties and strains, enabling us to concentrate only on the most valuable from the point of view of the grower.

In connection with all Vegetable Seeds, Farm Seeds, Bird Seeds, Plants, Trees, Bulbs, etc., we are always pleased to offer advice as to which are the best varieties and strains for various purposes. A little information as to local conditions and what the requirements of the grower are, will bring a prompt and helpful reply from us, and we welcome all such enquiries.

Whether printed in our Price Lists, or quoted by letter, prices are always strictly subject to prior sale and prompt reply.

CONDITIONS OF SALE AND NON-WARRANTY

We believe that all Seeds Bulbs and Roots sold by us are of the description and kind specified by us at the time of sale but owing to the practical impossibility in many cases of being certain of this we give no undertaking that such Seeds Bulbs or Roots will correspond with the description under which they are sold and we make all sales subject to this condition. We further give no warranty expressed or implied as to their growth description quality or productiveness and will not be in any way responsible for the crop. If the purchaser does not accept the goods sold to him on these terms they are at once to be returned to us and any money paid to us will be refunded.

ARTHUR YATES & CO. LTD.

PRICES.—All quotations (by letter or printed list) are subject to being unsold and to prompt reply, otherwise to market fluctuation. These Current Price Lists are issued at short intervals throughout the year, therefore if not ordering at once please write for the current issue when again on the market.

TERMS.—Our terms are strictly prompt nett cash, and orders should be accompanied by remittance for the approximate amount of the order (including freight if the goods are required by coastal steamer or passenger train, or if to be consigned to unattended platforms). When buyers have established an approved account with us, or if satisfactory Sydney business references are given, we will charge to customer's account on the understanding that customers remit promptly on receipt of invoice. When remitting, please add exchange to country cheques.

FORWARDING.—Orders sent by goods train are consigned carriage forward (except to unattended platforms) unless we are otherwise instructed at time of order. We deliver seeds on rail or wharf, Sydney, after which goods are on customer's account, and at his risk.

SUBSTITUTING.—On account of the difficulty in obtaining full supplies of many lines, and the failures of crops of others, we may, if unable to supply the exact variety ordered, substitute for it some other variety of a similar nature, which will, in our opinion, give satisfactory results.

If this is not desired, please mark order clearly: "Do not substitute."

24.

DELIVERY—POSTAGE or CARRIAGE FREE.—Delivery of all Seeds, Plants and Roots sold is made at Post Office, Railway or Wharf, Sydney, but on Bulk Vegetable Seeds (other than Peas or Beans) invoiced at prices quoted herein, we pay all ordinary carriage charges. Customers desiring Bulk Vegetable Seeds to be sent by other than cheapest method should allow sufficient to cover any extra charges entailed. All bags free.

PRICES.—The prices quoted are those ruling at this date, and while we will adhere to them as long as possible they are subject to change without notice. Reduced rates for large quantities, where available, are shown, and the rate for the largest quantity priced in this list will be charged for any greater quantity. $\frac{3}{4}$ -lb. supplied at lb. rates and $\frac{1}{2}$ -oz. at oz. rates subject to the minimum of 1/3 per item (or 1/- where that rate is quoted herein) mentioned below.

The range of quantities listed should be sufficient for the requirements of all customers other than those ordering in packets. If for some special reason quantities are wanted smaller than the minimum listed here the rate charged will be slightly higher, but the minimum order for bulk seed of any variety must be to the value of 1/3 (or 1/- where that rate is quoted)—otherwise packets will be sent. All vegetable seeds are 6d. per packet, except where otherwise stated.

N.B.—Please carefully write “ozs.” or “ounces” and “lbs.” or “pounds” to avoid confusion with “doz.” and other common abbreviations.

CONDITIONS OF SALE AND NON-WARRANTY as set out on page 1, to which you are referred.

DESCRIPTIONS.—See Yates' Annual, sent free on request. We also publish various free booklets and leaflets on the cultivation of some of the more important kinds.

The reduced rates quoted in this list for the larger quantities specified apply when the respective quantity is ordered at the one time and for the one delivery.	oz.	½lb.	lb.	Per lb. in lots of			oz.	½lb.	lb.	Per lb. in lots of
